Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Tarboro Directory since 1956), present to subscribers and the general public, this, the 1971 edition of the Tarboro City Directory, which also includes Princeville. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State, and National Directories).

Confidence in the growth of Tarboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Tarboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Tarboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Tarboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

821605-
II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Tarboro, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Tarboro and vicinity.

The Tarboro Out-Of-Town Directory Library

Through the courtesy of the publishers of the Tarboro City Directory, a Directory Library is maintained in the offices of the Tarboro Merchants Assn. and Chamber Of Commerce, Inc. for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Tarboro, county seat of Edgecombe County, is located in the coastal plain section of North Carolina, in the center of one of the State's finest agricultural areas producing tobacco, cotton, peanuts, corn and feed-stuffs. Located within the town limits is a cotton mill employing 625, a farm machinery manufacturer employing 1,000. Other industries include cotton, toys, lumber, knitting, feed and grain, and cotton oil mills. The average weekly payroll of the town is approximately \$200,000. Tarboro, the home of Carolina Telephone and Telegraph Company which serves about 100 municipalities in eastern North Carolina.

Incorporated in 1760, Tarboro has shown steady progress in growth. The retail business section, with its modern stores and progressive merchants, is one of the finest in the south for any city of comparable size. A wide selection of merchandise is offered in the stores and the local citizen can fulfill all his needs right at home.

Tarboro has a healthy diversification of industry which insures its continued growth and prosperity. Located here are 3 large textile mills, two hosiery mills, an agricultural machinery manufacturer, a plywood manufacturer, a concrete block and concrete products manufacturer, a peanut processing plant, large plastic toy manufacturer and communi-

cations cable plant. Native labor is employed in the Tarboro plants and employee-manager relationship has been noted for smoothness of operation and good will.

In addition to its diversified industry, Tarboro is a very important tobacco market. Six large, modern auction warehouses handle the leaf sales and buyers representing all domestic and foreign companies are on hand for the auctions. For the past several years Tarboro has shown a gratifying increase in the number of pounds sold each year and is rapidly becoming one of the best markets in the Bright Leaf Tobacco Belt. Production and marketing of cotton and peanuts have also played a very important part in the city's growth.

Tarboro boasts two modern hospitals. The modern Edgecombe General Hospital, completed in 1959, is open to all races, also the Quigless Clinic. The health of a community plays a vital part in the stability and progress, not only of the community itself, but of the nation as a whole, and Tarboro is fortunate in having these fully-equipped hospitals with their well-trained staffs. They serve patients from a wide radius, and the doctors who practice in the hospitals are considered among the finest in the State.

Tarboro operates its own electric system, furnishing an ample supply of power both for industry and home needs. The profits derived from the Municipal Light and Power System have contributed towards keeping the city in excellent financial condition, with a low bonded debt and a low tax rate. The city also has a modern water purification plant which was built during the mid-thirties, with an addition added in 1958. This plant is large and modern in every respect, and is adequately equipped to take care of the city's present and future needs.

Tarboro is served by a network of well paved roads which include U. S. Highways 64 and 258. The Seaboard Coast Line Railroad Company serves the city and offers excellent connections to all parts of the country. Air transportation, air freight and crop dusting facilities are avail-

able at the city-owned Tarboro Municipal Airport, and excellent bus connections are available to all parts of the State.

The Municipal Swimming Pool in Tarboro is one of the finest in the South. Tarboro citizens can well be proud of this splendid outdoor pool which is open day and night to swimmers of all ages. Year after year,

Tarboro Swimming Pool

Tarboro has produced outstanding swimming teams which have won more than their share of trophies and records in swimming meets both at home and throughout the East, Midwest and Deep South. The Tarboro pool has paid great dividends in health, safety and teamwork for the youth of Tarboro, and has been an important addition to the recreational facilities of all her citizens.

In addition to the swimming pool, Tarboro has a fine Municipal Ball Park. Additional recreational facilities include golfing, tennis and softball. Fishing in the Tar River which borders the city, and in the smaller streams in the country, as well as hunting in the fall and winter, round out a complete recreational program.

Of special interest to the visitor is the Town Common which is one of the most beautiful parks in the State. Its massive oak trees have afforded shade for generations and it is a favorite gathering place for children and grown ups. Visitors will also want to see the trees growing in the Calvary Episcopal church yard, including a cork tree, brought from every continent of the world.

Tarboreans are proud of the Common, the only Common south of Boston, a tract of land situated in the heart of the city, where stately oaks and flowering dogwood trees make it a place of beauty.

Adjoining Tarboro on the south is the Town of Princeville which is the only incorporated Negro community in the State. Princeville was incorporated in 1885.

Edgecombe County was formed in 1732. Bounded by Halifax, Martin, Nash, Pitt and Wilson counties, it is in the center of the Bright Leaf Tobacco belt of the Carolina Coastal Plain. Within its borders are five hundred and fifteen square miles of rich agricultural land which produce tobacco, peanuts and cotton in great quantity. The sandy loam of Edgecombe County is ideal for the raising of flue cured tobacco. This valuable crop is grown in all parts of the county and contributes materially to the wealth of this section. Plant disease is rare, and the better grades of tobacco predominate. Ranking sixth in the state in value of crops and livestock, Edgecombe County depends largely on the soil to

Town Common

maintain a relatively high per capita worth. Of the county population, over fifty-five thousand, about seventy per cent are engaged in agriculture and the raising of livestock.

The social and civic life of Tarboro is active and very progressive with 17 civic and cultural clubs. The Hilma Country Club and American Legion hut are constantly in use. The Tarboro Moose Lodge is a large and ever growing fraternal organization.

There is one public library in Tarboro with bookmobile service for the county people. Established in 1922, the library now has 42,734 volumes. Main library and 2 bookmobiles with combined staff of 8 to serve the entire county. 293,071 books circulated 1966-67. 6,137 borrowers registered since June, 1967. Services include: Reference and advisory assistance; Clipping File on Local and North Carolina topics; Back issues of magazines; Art Exhibits; Recordings for loan; Meeting Room for group use; Films on loan through state agency; Story Hour month of June. Open 10-6 Monday through Friday; 10-2 Saturday.

Tarboro has an active Planning Board and Zoning Commission. The town and its vicinity are carefully zoned and the town has a long range development plan.

In conjunction with Edgecombe County, the town helps support a non-profit Industrial Development Organization which has successfully added to the towns industrial growth.

A newly formed Historical Society is planning the establishment of a museum for permanent housing of many valuable collections relating to the rich history of Tarboro and Edgecombe County.

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

STREET and AVENUE GUIDE

INCLUDING

TELEPHONE NUMBERS, HOME OWNER SYMBOLS

and ZIP CODES

1971

Including Princeville

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.
